

## Rulebook

# Project Showcasing

## College

### About

The world is already moving quickly, but technological and informational innovation has made it even more so. Accepting diverse skill sets and abilities is crucial for ensuring adaptability and transformation, increasing efficiency over time. Thus, by showcasing some of your creative projects, the National Innovation Competition-2023- Technocrats V. 1 gives you the chance to reveal some of your hidden talents. It's also one of the biggest showcasing platforms in our country. This could be any significant and ground-breaking project you and your team created while working on the pandemic or other projects in science, technology, and engineering. The project may be based on hardware, software, or a combination of the two modalities. The project that is related to the electronic device revolution can also be shown as an innovative project.

### Eligibilities

- **College** (HSC or Level A) and **Polytechnic** students can apply to this segment
- It should be a group project and each group contains 4 members consisting of a group leader. A minimum of 2 members must be applied to join this competition.
- There is no limit to the number of teams that one institution may register for this competition.
- Students from different educational institutions can form a team.

**Registration Fee: 1,500/-**

**Registration Link:** [rebrand.ly/TechnocratsV1\\_23](https://rebrand.ly/TechnocratsV1_23)

**(Please select your following segment during registration)**

## **Project Specification**

- Projects should focus on a scientific or engineering topic that motivates the team to complete it with the aid of research or similar experiences.
- The team must have produced all of the original work that is presented.
- Project must be unique and specified.
- Project must be related to software, hardware, or combined of these two modalities.
- Electronic revolution devices are also accepted for showcasing.
- The project must have a specific objective in order to benefit from human needs.

## **Presentation Provision**

- Participants shall be given a field of study for the poster presentation.
- Participants will be given the field of study via email and also information shall also be available on the event page 7 days prior to the event.
- Participants will be given a maximum 5-to-10-minute slot for a presentation on the project.
- Participants may use a tri-fold poster board, or a regular poster board for presenting the project on a poster, or may give a laptop presentation (PowerPoint, Prezi, Slideshow, etc.).

- The team must bring all visual aids that will fit on the table. Each table will have its own outlet. Special requests for the area, power, etc. will be taken into account on an individual basis. There won't be any projectors available, but there might be screens if you ask for them.
- Teams will be judged by student competitors from the IIEC, Guest Judge, and Technocrats V.1-2023 panel. The presenter teams are required to stay at their table for the entire allotted time. The presentation structure is totally independent. Each team is responsible for creating a presentation that they believe will best communicate their project to the judges.
- All data provided must be accounted for and properly cited from verified sources.
- All work presented must be original work. Any academic offenses will count as an elimination.

## Grading Criteria

- 60 percent of the marks will be carried out on the research steps and content of the project.
- 10 percent of the marks will be carried on speech delivery.
- 10 percent of the marks will be carried on the visual outlook or workability of the project.
- 10 percent of the marks will be carried on teamwork and presentation skills.
- 10 percent of the marks will be carried on Q/A

## Judgment

- Judging will be performed by the participants attending Technocrats V.1 as well as the panel of judges, which will consist of IIEC professionals and

event sponsors. Judges will use an evaluation sheet that will be provided at least two weeks in advance of the conference.

- Participants may vote for their desired team during the project showcase. The method of voting will be announced at the beginning of the competition. Each student is allowed a maximum of one vote.

## Awards

- Champion will be given a price money of **20k** along with crest and certificates.
- Runner-Up will be given a price money of **15k** along with crest and certificates.
- 2nd Runner-Up will be given a price money of **10k** along with crest and certificates.
